Admission Procedure

Educational goals and Career opportunities

- The Master in Economics and Finance puts great emphasis to the economic methodology and quantitative tools.
- The course provides a rigorous program that prepares graduates to work in international and national contexts in
 - ✓ Banking/Financial sector
 - ✓ Central banks/international organizations
 - ✓ Companies
 - ✓ Public and private research centers
 - ✓ Ph.D. in economics

Our offer, comparatively.

- An integrated study of Economics and Finance is common in many Masters programs in EU.
- Viceversa, a master in Economics and Finance is unique for Italy.
 - Many Italian universities offer masters either in Economics or in Banking and Finance, the latter being typically business-oriented.
- We take advantage of the current MEF reputation, and with the addition of a stronger curriculum in Economics we also compete with Universities offering degrees more focused on Economics.

Two curricula: Economics, Banking and Finance

- Two distinct curricula...,
 - ✓ Economics
 - ✓ Banking and Finance
- ...but several common courses to both curricula:
Analytical tools and advanced notions in economics, econometrics and finance.
