International Students

Requirements

- MoU is necessary for the students mobility .
- Duration: One semester or One full year for **credit earning program**
Short term is acceptable for non-credit earning program
- Language proficiency
For undergraduates we would require a reasonable level of Japanese language proficiency, for example JLPT (Japanese Language Proficiency Test) N2 level or equivalent to N2 level, because in the undergraduate course almost all the classes are conducted in Japanese.
For postgraduates who don't need to earn credits Japanese language proficiency is not mandatory. It may depend on their host professor. If they agree to supervise the exchange students in English, we don't require them Japanese language proficiency.
- Recommendation from the home university

There is no scholarship offered by OMU to the exchange students.
