# How to correctly fill your Study Plan

- Please add to your study plan only the **minimum number of exams necessary to fill the required 15 credits.**
- You cannot add just «part» of an exam, so Uniweb will accept some **excess credits if needed, up to 21.**
- Only «in plan» exams will be counted for your weighted average for the final grade: we suggest you keep «in plan» elective activities with the highest marks!
- Any other activity completely exceeding the 15 credits will remain «out of your study plan» (but will appear in your booklet and transcript anyway)

15 CFU

6 CFU Stage/Exam    9 CFU Lab/Exam

= 15 CFU

# You can change your mind, but...

You can change your study plan **until you submit your graduation application.**

Please be sure to «confirm» the final version of your plan before applying!

It is **compulsory** to have a correctly submitted plan in order to graduate.
