\* Students coming for the **full year** must choose one programme and take all the modules offered in the first semester, they can then choose the modules they wish to take in the second semester from the same programme OR choose 3 modules from the final section of this form. ***Students cannot mix modules across courses.***

\* Students coming for the **Spring semester only** (February-June), can **either** join a Spring Semester of a specific course and take all the core modules and 1 of the optional modules available **or** can choose 3 modules from the final section of this form. ***Students cannot mix modules across courses.***

For speciality courses (Accounting, Economics) students will need to show proof that they have appropriate knowledge of these subjects and will be subject to course team approval.
